TRAINEE ENTRANCE REQUIREMENTS

There are set forth below sections of the Police Training Act (PTA) 52:17B-66 et. seq., which govern the eligibility of a police officer nominated to attend a basic police training school in the State of New Jersey.

The Police Training Commission in accord with the PTA requires that these requirements be strictly adhered to prior to the nomination of a police officer to a basic training program.

13:1-1.1 Definition

“Police Officer” means any employee of a new enforcement agency, a correctional agency or a juvenile justice agency who, by statute, comes under the jurisdiction of the Commission or any member of a fire department or force who is assigned to an arson investigation unit pursuant to public law 1981, Chapter 409.

13:1-8.1 Certification required prior to acceptance of trainees into a basic course

Prior to the acceptance of a trainee into a basic course, the Chief of Police or chief executive officer of the employing law enforcement agency shall certify by completing a trainee record card issued by the Commission that:

1. With respect to police officers as defined by this chapter, the appointing authority has complied with the provisions of N.J.S.A. 52:17B-68.1 and 18A:6-4.4 including, but not limited to, the following:
 - a. The individual has received a probationary appointment; and
 - b. The individual has been granted a leave of absence with pay during the period of the police training course;
2. With respect to special law enforcement officers, the local unit has complied with the provisions of N.J.S.A. 40A:14-146.8 et. seq. concerning the appointment of the individual;
3. The employing law enforcement agency has fingerprinted the individual and sent copies of the fingerprints to the Division of State Police and the Federal Bureau of Investigation in order to ascertain whether the individual has been convicted of an offense which would disqualify him or her from appointment as a police officer. The results obtained from the Division of State Police and the Federal Bureau of Investigation shall be made known to the appointing agency.
4. The employing law enforcement agency has conducted a pre-employment or background investigation of the individual to ascertain his or her character, fitness and eligibility to be permanently appointed as a police officer. The results of the pre-employment or background investigation shall be made known to the appointing authority; and
5. The individual has undergone a medical examination by a licensed physician to determine if the individual is medically fit to undergo training. The physician shall state, on a form prescribed by the Commission, whether the individual is medically fit to undergo the training for which the individual is enrolled.

13:1-8.2 Notification of school director

An appropriate official from the employing law enforcement agency seeking to enroll an individual in a Basic Course shall notify the school director in writing, 10 days prior to the commencement of the course, that the agency has complied with its responsibilities as provided in this subchapter. In the event an agency is unable to comply with this section, the agency shall forward a written request to the Commission for an extension of time and shall indicate the reason(s) for the request. Failure to comply with respect to this notification may result in the affected individual being denied admittance into the basic course.

52:17B-68.1 Basic training, course for investigators

A person appointed as an adult or juvenile corrections officer or as a juvenile detention officer by the State or county shall satisfactorily complete prior to permanent appointment a basic training course approved by the Police Training Commission. A corrections officer or juvenile detention officer who was appointed before the effective date of this act shall satisfactorily complete, within two years of the effective date of this act, an in-service basic training course approved by the Police Training Commission and designed to meet the training needs of corrections officers or juvenile detention officers with prior work experience.

A person may be exempt from the requirements of this section if that person has successfully completed training conducted by a federal, State or county agency the requirements of which are substantially equivalent to the requirements of a basic training course approved by the Police Training Commission pursuant to section 4 of this act.

A person shall be given a probationary appointment as a corrections officer or as a juvenile detention officer for a period of one year so that the person seeking permanent appointment may satisfactorily complete a basic training course for corrections officers or for juvenile detention officers conducted at a school approved by the Police Training Commission. The probationary time may exceed one year for those persons enrolled within the one-year period in a basic training course scheduled to end after the expiration of the one-year period. A person shall participate in a basic training course only if that person holds a probationary appointment and that person shall be entitled to a leave of absence with pay to attend a basic training course.

Prior to permanent appointment, a person appointed as an Investigator in the Department of Corrections shall satisfactorily complete a basic course for investigators approved by the Police Training Commission.

52:17B-69 Probationary, temporary appointment as police officer

Notwithstanding the provisions of R.S. 11:22-6, a probationary or temporary appointment as a police officer may be made for a total period not exceeding one year for the purpose of enabling a person seeking permanent appointment to take a police training course as prescribed in this act, provided, however, that the time period may exceed one year for those persons enrolled prior to the one-year limit in a police training course scheduled to end subsequent to the one-year limit, and for those persons who, prior to the one-year limit, have been scheduled to attend a police

training course which commences subsequent to the one-year limit. In no case shall any extension granted for the reasons herein listed exceed six months. Every person holding such a probationary or temporary appointment shall enroll in a police training course, and such appointee shall be entitled to a leave of absence with pay during the period of the police training course.

18A:6-4.4. Police training course

Every person so appointed and commissioned shall, within 1 year of the date of his or her commission, successfully complete a police training course at a school approved and authorized by the Police Training Commission; provided, however, that the Police Training Commission may, in its discretion, except from the requirements of this section any person who demonstrates to the Commission's satisfaction that he has successfully completed a police training course conducted by any Federal, State or other public or private agency, the requirements of which are substantially equivalent to the requirements of that at a school approved by the Commission.

13:1-5.1 Certification requirements; basic courses

A trainee shall be eligible for certification when the school director affirms that:

1. The trainee has achieved the minimum requirements set forth in the basic course applicable to his or her appointment and has demonstrated an acceptable degree of proficiency in the performance objectives contained in the particular basic course;
2. The trainee has participated in no less than 90 percent of the total instructional time assigned to those performance objectives designed by the Commission; and
3. The trainee has successfully completed the training required by the Commission to be conducted by the employing law enforcement agency.

Letter to Physician

Medical Certification Form (PTC-8) fillable .pdf

DESCRIPTION OF MEDICAL SCREENING PROCESS

Any person attending the following basic courses must undergo a medical examination by a licensed physician to determine if the individual is fit to undergo training:

- Basic Course for Police Officers
- Basic Course for Class Two Special Law Enforcement Officers
- Basic Course for Investigators
- Basic Course for State Corrections Officers
- Basic Course for County Corrections Officers
- Basic Course for Juvenile Detention Officers
- Basic Course for County Park Rangers
- Basic Course for Juvenile Residential and Day Program Youth Workers
- Basic Course for Parole Officers
- Basic Course for Juvenile Corrections Officers
- Basic Course for Juvenile Parole Officers

The medical examination shall be administered within 90 days of an officer's admittance to a basic course. The physician shall state, on a form prescribed by the commission, whether or not the individual is fit to undergo training.

The following materials pertain to the medical screening process:

- LETTER TO THE PROSPECTIVE TRAINEE - This letter informs the prospective trainee that he or she must obtain a medical clearance prior to acceptance into a commission basic course. The employing agency shall provide the prospective trainee with a copy of this letter.
- HEALTH HISTORY STATEMENT (PTC-7) - The prospective trainee shall complete this form and shall give it to the examining physician. The physician shall return the completed form to the employing agency where it shall be treated confidentially. It must be pointed out that the information on the form was obtained specifically for training purposes and access to the form shall be strictly limited. It is the responsibility of the employing agency to make known to the trainee whether or not the agency wishes to retain copies of the PTC-7 and to provide a copy of this completed form to the school that the trainee will attend.
- LETTER TO THE PHYSICIAN - This is to be given to the examining physician by the prospective trainee. The letter contains information with respect to the commission's Physical Conditioning Training Program, Defensive Tactics training (unarmed defense), Physical Restraint training, Firearms training, Baton training, exposure to chemical agents, and the medical screening process.
- MEDICAL CERTIFICATION FORM (PTC-8) - This form is to be completed by the examining physician and returned to the employing agency. It is the responsibility of the employing agency to indicate to the trainee whether or not the agency wishes to retain copies of the Medical Certification Form and to provide a completed copy of this form to the school the trainee will attend.

NOTICE TO TRAINEE

As part of the basic course you are planning to attend, you will be required to participate in certain training requiring physical activity. Depending on the basic course you are entering, these activities may include physical conditioning training, defensive tactics (unarmed defense), physical restraint training, baton training, exposure to chemical agents, and firearms training.* The purpose of this letter is to advise you that under N.J.A.C. 13:1-8.1(a)5, you are required to obtain medical clearance from a licensed physician prior to participation in the basic course.

The medical clearance is required to provide reasonable assurance that there is no medical reason why you should not participate in the training program. To obtain medical clearance, it is necessary for you to complete the Health History Statement (PTC-7) and to provide the completed statement to the examining physician. Please complete the Health History Statement prior to your physical examination.

Along with the Health History Statement and this letter to you, your agency chief (or designee) will provide you with the Medical Certification Form (PTC-8) and a letter to the examining physician. Please provide the following to the examining physician:

- Notice to Physician
- Health History Statement (PTC-7 completed)
- Medical Certification Form (PTC-8)
- An envelope which is marked Confidential and is addressed to the chief executive of the employing agency

* These activities are fully described in the Notice to Physician which your agency chief (or designee) will provide to you for submission to your examining physician. For your information, please review the description of physical activities that are applicable to the basic course you plan to attend.

The physician will be asked to return the completed Medical Certification Form to your agency. Medical clearance will depend upon the information contained in your Health History Statement and the results of your medical examination.

Thank you for your cooperation in complying with Commission requirements regarding medical clearance and best wishes for success in your career.

Notice to Physician

Under N.J.A.C. 13:1-8.1(a)5, the individual you are examining is required to obtain medical clearance prior to acceptance into a Police Training Commission basic course involving physical activity. This training may include physical conditioning, defensive tactics (unarmed defense) training, baton training, physical restraint training, exposure to chemical agents and firearms training.

Physical conditioning consists of a series of physical fitness assessments and a program of physical exercise conducted at a school approved by the Police Training Commission. The exercise program will be conducted a minimum of three and a maximum of five times per week, each session lasting sixty minutes. For individuals who are more highly fit, an additional ten minutes of aerobic activity is permitted. The program of physical exercise will focus on flexibility, cardiorespiratory endurance (aerobics), strength, power, speed, and neuromuscular coordination (agility, balance). The intensity of training is individualized to the extent possible in a group setting and is gradually increased throughout the course of the exercise program.

Please note that some of the commission-approved schools have requested and received commission approval to include variations to the mandated physical conditioning training program. These variations include the use of Universal equipment, super-circuit weight training, boxing, obstacle courses and the horizontal ladder. The director of the school where the trainee will be enrolled has been informed to supply directly to you information concerning a school's variation from the commission-mandated physical conditioning program.

Defensive tactics (unarmed defense) training teaches the trainee to use body parts as defensive weapons. The trainee will use the open hand, elbow, forearm, knee, foot, and hand during the defensive moves. Take-down tactics, holds, punching, straight kicks and headblocks are some of the defensive tactics employed during the training. Balance and leverage (extensive use of trunk and abdominal muscles) are part of the defensive stance used by the trainee.

Chemical agent training is held at either an indoor or an outdoor training area. A trainee may be exposed to either a direct facial spray of Oleoresin Capsicum (OC) or a room in which the chemical agent has been released. The trainee experiences the physiological impairments and reactions associated with the agent as well as understanding the aftercare required.

Firearms training is held either in an indoor or an outdoor range and the trainees use

handguns and shotguns. A trainee walks briskly or slowly jogs from the 25-yard to the 1-yard line, with intermittent stops at designated yard lines, and fires the handgun. Standing, prone, kneeling and barricaded positions are assumed. Trainees use both the strong and support hands for handgun firing. Shotguns, weighing approximately 11 pounds, are fired from a standing position using the strong shoulder position. In the Basic Course for State Corrections Officers, rifle training is required. Rifles, weighing approximately 12 -13 pounds are fired from behind barricades from a standing and kneeling position. The strong shoulder and strong knee positions are used.

For firearms training, manual dexterity is required and there may be problems if any fingers or limbs are missing or if there are problems with vision.

To assist you in understanding the training program this individual will participate in, we have enclosed the following:

Chart 1 - Physical Conditioning Exercise Program Overview and Sequence of Exercises for Five-Day Week

Chart 2 - Physical Conditioning Exercise Program Overview and Sequence of Exercises for Three-Day Week

Chart 3 - Static and Dynamic Flexibility Exercises

Chart 4 - Calisthenics/Strength Exercises

Chart 5 - Defensive Tactics

Other - Medical Certification Form

The Commission-approved Physical Conditioning Training Program manual specifies that the following shall be included in the physical examination:

- o A hearing examination.
- o Physical examination of the spine and limbs for bone and joint abnormalities and of the neck, chest, abdomen, eyes, ears, nose, and throat
- o Auscultation of heart and lung sounds for identification of possible cardiac murmurs, dysrhythmias, or chronic lung disease
- o Measurement of resting heart rate, blood pressure and respiration
- o Height and weight

The following laboratory work is required:

- o Chemical analysis of blood for levels of serum cholesterol, triglycerides, glucose, and uric acid
- o Urinalysis from State Toxicology Laboratory (Agency must Submit)

- o Electrocardiogram.

If indicated because of medical history or a finding on the examination, a chest x-ray may be required.

A maximal exercise stress test may be required. In keeping with the guidelines of the American College of Sports Medicine, it is desirable for an individual 45 years of age or older to have a maximal exercise stress test before beginning the training program. An exercise stress test prior to acceptance into the school is strongly recommended for prospective trainees whose medical screening and fitness evaluation indicate a higher risk status or the presence of disease. The physician, however, will determine whether or not the stress test is to be administered.

A Health History Statement (PTC-7) including cardiac-related information has been completed by the trainee to assist you in determining whether or not the individual is fit to undergo the commission-approved programs as specified in this letter. The trainee has been directed to provide you with the completed Health History Statement so that it may be reviewed during the medical examination. The responses contained in the Health History Statement are to be used as a starting point in the medical examination. Please feel free to inquire into any other areas which, in your medical opinion, are necessary so that you may accurately determine whether the prospective trainee is medically fit to undergo the programs described. Please retain a copy of the completed Health History Statement (PTC-7) in your files in accordance with N.J.A.C. 13:35-6.5.

Following the examination it is requested that you complete the enclosed Medical Certification Form (PTC-8). Please indicate whether the individual is:

Medically fit to participate in Defensive Tactics (unarmed defense), Chemical Agent exposure, Baton training, Physical Restraint training, Firearms Training and in the Police Training Commission's Physical Conditioning Training Program without limitations.

If the individual has a temporary illness or injury which will clear prior to the training program, please note that on the PTC-8 form.

Not medically fit to undergo training.

The nature and severity of any risks or disease should be viewed in light of the content of the training programs and the trainee's physical condition.

To ensure confidentiality of the completed Medical Certification Form and the Health History Statement, please return both in the envelope which is marked Confidential and is addressed to the chief executive of the employing agency.

Please retain a copy of the completed Medical Certification Form for your records.

Your cooperation is greatly appreciated.

DRUG TESTING FACTS

Law enforcement trainees:

1. Trainees will be required to submit one or more urine specimens for testing while they attend a mandatory basic training course. All drug testing conducted during mandatory basic training will comply with rules and regulations established by the Police Training Commission.
2. Individual trainees may also be required to submit a urine specimen for testing when there exists reasonable suspicion to believe that the trainee is illegally using drugs. A trainee shall be ordered to submit to a drug test based on reasonable suspicion only with the approval of the county prosecutor, the chief executive officer of the trainee's agency or the academy director.

Notification of drug testing procedures:

1. All newly appointed law enforcement officers shall be informed that drug testing is mandatory during basic training. Newly appointed officers shall also be informed that a negative result is a condition of employment and that a positive result will result in:
 - a. the officer's termination from employment; and
 - b. inclusion of the officer's name in the central drug registry maintained by the Division of State Police; and
 - c. the officer being permanently barred from future law enforcement employment in New Jersey.
2. Newly appointed officers shall be further informed that the refusal to submit to a drug test shall result in their dismissal from employment and a permanent ban from future law enforcement employment in New Jersey.
3. Each police academy will include in its rules and regulations a provision implementing drug testing during basic training and consequences of a positive test result.

When a trainee tests positive for illegal drug use, subject to rules adopted by the Police Training Commission:

1. The trainee shall be immediately dismissed from basic training and suspended from employment by his or her appointing authority;
2. The trainee shall be terminated from employment as a law enforcement officer, upon final disciplinary action by the appointing authority;
3. The trainee shall be reported to the Central Drug Registry maintained by the Division of State Police; and
4. The trainee shall be permanently barred from future law enforcement employment in New Jersey.

Consequences of a refusal to submit to a drug test:

Trainees who refuse to submit to a drug test during basic training shall be immediately removed from the academy and immediately suspended from employment. Upon a finding that the trainee did in fact refuse to submit a sample, the trainee shall be terminated from law enforcement employment and permanently barred from future law enforcement employment in New Jersey. In addition, the appointing authority shall forward the trainee's name to the Central Drug Registry and note that the individual refused to submit a drug test.

DRUG TESTING TRAINEE NOTICE AND ACKNOWLEDGMENT

I, _____, understand that as part of the program of training at the **OCEAN COUNTY POLICE ACADEMY**, I will undergo unannounced drug testing by urinalysis during the training period.

I understand that a negative result is a condition of my continued attendance at the academy.

I understand that I can refuse to undergo the testing. I understand that if I refuse, I will be dismissed from the academy and from my law enforcement position.

I understand that if I produce a positive test result for illegal drug use, I will be dismissed from the academy.

I understand that if I produce a positive rest result for illegal drug use, the academy will notify my employer of the positive test result. In addition, I will be permanently dismissed from my law enforcement position.

I understand that if I produce a positive test result for illegal drug use, that information will be forwarded to the Central Drug Registry maintained by the Division of State Police. Information from that registry can be made available by court order or as part of a confidential investigation relating to law enforcement employment.

I understand that if I produce a positive test result for illegal drug use, I will be permanently barred from serving as a law enforcement officer in New Jersey.

I have read and I understand the information contained on this "Trainee Notice and Acknowledgment" form. I agree to undergo drug testing through urinalysis as part of the academy training program.
